Lucky Layer™

LAYING HEN SUPPLEMENT
One bucket supplements 6 chickens for 2 months.

Whether you have a small or large flock of chickens, they will benefit from the **Lucky Layer™ Supplement**. The key ingredients in **Lucky Layer™** improves overall shell strength, gives the yolks a healthy bright orange color and provides chickens with the nutrients they need. Chickens do not always get a balanced diet, especially if they are caged or unable to eat grasses or other forms of forage because of the season. Lucky Layer™ contains dry carrots, alfalfa products and carrot juice concentrate which provides beta carotene, vitamins and minerals resulting in a more complete diet.

Lucky Layer™ is easy to use. Just add a scoop to their feed daily. It comes with a measuring scoop and a resealable bucket for secure storage.

GUARANTEED ANALYSIS

Crude Protein	min.	7.5%	
Crude Fat	min.	1.2%
